Pocharam Hyderabad | 8107066370

EDUCATION

B.Tech (CSE) | Maulana Abul Kalam Azad University of Technology | 2015-19
- CGPA 8.4

High School | St. Xavier's Jr. Sr. School | 2012-14
- 84.7%

Secondary School | Sunshine Prep. High School | 2010-12
- CGPA 9.8

EXPERIENCE

Infosys Limited
August 2019 - current

Systems Engineer – Specialist
- Been part of 2 projects ● Trained on selenium WebDriver ● Automated more than 2000 test cases using selenium ● Increased efficiency by introducing cucumber to team

Internshala
January – March 2018

Winter Android TA – Intern
- Developed part of Music Player App and a Workshop App which was further used as training material for their course. ● Completed work in half the allocated time

SKILLS

Programming Languages: ● C++ ● Java ● Python ● Shell
Frameworks and Technologies: ● Android ● node js ● React

PROJECTS

Fake News Classifier | Machine Learning
- Obtained accuracy of 97.4% on given dataset
- Found optimal accuracy with Deep learning LSTM model
- UI implemented using React and Flask as backend server

Auto-Pilot AI in a 2D Environment | Machine Learning
- AI model developed using CNN, VAE, MDN-RNN and trained on open AI gym

In-Touch | FireBase-Android
- Chat app in a way that control is in hand of owner

ACHIVMENTS

- Ranked 127 in TCS CodeVita – 2019 Round 1
- Ranked Under 100 in TCS CodeVita 2019 Round 2
- Ranked Under 300 in HackWithInfy 2019
- Completed InterviewBit Academy Data Structure and Algorithm course
